

GENEVA SRILANKANS CRICKET CLUB

I am Arunthavarajah Arunjeev. I was born in Hatton (Sri Lanka) and I studied in Hatton Highlands college. I like to play cricket very much from the childhood. I played cricket for my school team. After I settled in Switzerland, I didn't get a chance to play cricket but now I am really happy to have joined the Geneva Srilankans cricket club. I just started to play for them, as a new cricketer I enjoy very much and learn a lot from the senior players, they are very helpful and supportable to me and they guide me very well. I am really lucky to have started playing cricket under the captainship of Mr. Lalantha Sirisenage. I am very thankful to the team manager Mr. Sunil Perera. He encourages my new cricket career. In this occasion I have to thank my family, friends, my school team coach and specially Geneva Srilankans cricket club to give this wonderful opportunity. I hope I will prove my talent and give my best in the upcoming matches. I am very proud to be a part of the team.

Thank you.
